Title: Need to redress the grievances of employees of NABARD.

DR. SUJAN CHAKRABORTY (JADAVPUR): NABARD employees in the country are protesting against the unjust discrimination and the move of the Union Government against NABARD to dilute its crucial functions and status of Development Financial Institution (DFI). The Governments is acting overtime to do away with DFI status of NABARD and dilute its inseparable organic linkage with the RBI. The main demands of NABARD employees are regular flow of concessionary funds from RBI for low interest credit to farmers, non-dilution of its public sector character and full-scale parity in the service conditions of the NABARD employees with their counter-part in RBI.

Hence, I urge upon the Government to refrain from such measures and meet the just demands of the NABARD employees.
